VIEW A VIDEO OF EVERY BULL ON OUR WEBSITE!

Lynette and Kevin

Hello from the TNT Ranch!

Welcome to our 31st Annual Bull Sale! We were not sure this was going to happen, but having the kids help out more made it possible. Lynette has cut back some but it seems like she still gets asked to do a lot. This is the first year she did not do the videoing of the bulls. Kendra was nervous to take over but did a great job! There is still no way this sale could happen without Lynette.

2015 was a year that we realized we have so much to be thankful for, even when times get tough. Our youngest grandchild, Mayzee Grace was born Feb. 16. She was born with a bilateral cleft lip and palette and two holes in her heart. After lip surgery in April and heart surgery in June, she is doing great. She will have her first palette surgery before the sale and has many surgeries to come, but she is doing better than expected and is cuter than ever! In August, her mom, Brekka, was diagnosed with stage 3 breast cancer and it has been tough. Her chemo should wrap up the end of January and she is

planning to have surgery a month later in Rochester and will have radiation to follow. It has been extremely hard to watch our daughter struggle through this, but with her faith, family and everyone's support, she is finding a way to win this battle. On Jan. 13, we also found out that Lynette has breast cancer as well. We are still in the early stage of finding out all the specifics and will know more over the next few weeks. We are overwhelmed by the generosity and support you have given all of us. It really shows our family what wonderful friends we all truly have.

We were blessed with another great year on the ranch. We have fantastic help with our son Justin, and Josh Jochim, a young man that helped out with haying three summers and after college is here full time. He is truly like another family member to all of us. His parents raised him well! Kendra lives just North of Almont and helps a lot. She loves baling and checking cows. Shanon and Gabe help when they can and are a huge help with all that goes into the sale, with Shanon pretty much putting the whole catalog together. They raised our ET calves again this year and did a fantastic job. From a production standpoint, we had a banner year, with lots of rain, grass and feed and no hail. The cattle performed extremely well, weaned heavy and haven't missed a beat over winter. It has been great!

We did not creep the calves, but we put them on medicated Headstart 70 a week before we weaned, so they would already be on Aureomycin when we weaned. However, Shanon and Gabe did creep their calves and our ET calves. Theirs are in a separate contemporary group. We weaned the end of September and continued on Headstart 70 for a week with free choice hay, then right into a total mixed ration. We worked them up to what they are currently receiving: 10 pounds of corn, 3 pounds of DDG, chopped hay and silage (half corn silage and half alfalfa haylage). The bulls have done very well with our best gains for a long time. Our weather has been exceptional and we know that has been a factor. We really like this ration. It is a little higher in protein, and they consume it well. It is a high roughage ration which insures soundness, longevity and fertility. Disposition has always been important to us, but as we age it seems to be even more important. We have been breeding and culling for temperament for years and we are certainly seeing the benefits.

We have grown our Sim-Angus program on both the sire and dam's side long enough to get a feel for their value, and truly feel they have been some of the most predictable and consistent genetics we have used. However, I feel there will always be a need for pure-breds as well. The state started their Johne's testing program again, so we tested our herd again this year, and as in the past, our herd remains clean. We started with around 190 bull and culled it down to around 150, but selling 110 is just much easier for us, so we have an excellent set of spare bulls to help in case anyone has a problem with one purchased in the sale. This is truly one of the thickest, deepest, set of bulls, with some real outstanding heifer bulls in the offering as well.

We invite you to come to the ranch and view the cattle and see the way we manage our herd. We are very proud of our cattle and feel you will be proud of "The Explosive Difference" they will make for you. I truly have a passion for this business, and love breeding cattle and the never ending pursuit to try to make them better. Some of the greatest blessings over the past 31 years are the wonderful people we have met and the dear friends we have made in this business Thanks so much for your interest. Hope to see you Friday the 12th!

Sincerely, Kevin, Lynette & Family

TNT Simmental Sale – Friday, February 12, 2016

1 p.m. CST – At the Ranch, Almont N.D.

We will be serving coffee & rolls in the morning and a complimentary lunch from 11 a.m. to 1:00 p.m.

DIRECTIONS TO THE RANCH

Coming from the North – From I 94 take the Almont exit # 123, go south 15 miles (10 miles on pavement and 5 miles on gravel) on County Road #86 to 53rd St. and then 1/4 mile west.

Coming from the South – Just east of Carson, take County Road #86 and go north 16 miles (all gravel) to 53rd St. and then 1/4 mile west.

DISCOUNTS

We are offering \$100 off each bull that you haul home sale day, and we are also offering a volume discount. The first bull purchased will be full price, the second bull we will deduct 2.5% off that bull, the third bull we will deduct 5% off that bull, the fourth bull we will deduct 7.5% off that bull. Any additional bulls will have a 10% discount.

INSPECTION

We invite you to come and inspect the cattle at our ranch 6 miles south and 1/4 mile west of Almont anytime.

TRUCKING

If the purchaser requests at the time of settlement, we will assist in making delivery. Trucking will be free within a 300 mile radius of Almont, to central locations. Long distance will either get hired and we will pay for half, or we are willing to meet at central locations, if there is a full load going to your area, for free.

CANADIAN SALES

We will cover the health papers, semen test, and Canadian delivery to the North Portal or Dunseith, Port of Entries. We will help you in making arrangements to any other Ports of Entry. Border costs are at your expense.

HEALTH

All the bulls were vaccinated with BoviShield Gold 5, One Shot, Ultrabac 7/Somubac, and treated with Dectomax pour on. Fertility tests and health papers provided by Mandan Veterinary Clinic.

FEEDING ARRANGEMENTS

If purchaser requests, we will feed your bull and have him fertility tested in early April. We would like to have all bulls picked up or delivered no later than May 1. The fee will be \$100 per bull. The bull's ration will be the same or very similar to what they are receiving now. We are not responsible for accidents of cattle kept at the ranch. We strongly encourage insurance.

TERMS & CONDITIONS

They will be the same as those recommended by the National Associations. If you have any questions, please contact us. In no instance shall the seller be responsible for more than the purchase price of the bull. The bulls are 100% guaranteed. We guarantee to provide you with a sound breeding bull, capable of passing a semen test within 14 months of age. Should any bull fail, we will refund your money, or we will supply you with a bull for the upcoming breeding season, plus you will receive full credit at the next year's sale. We have always prided ourselves with satisfied customers.

REGISTRATION PAPERS & INSURANCE

Registration papers will be transferred on all animals. Please leave all information, plus your ASA or RA number in the office. Let us know within one week if you have a name preference for your bull. An Insurance salesperson will also be available at the sale.

OPTIONS FOR THOSE UNABLE TO ATTEND THE SALE

Those with high speed internet may view and bid on DVAAuction (see details on the following page). We also have a phone conference line in place for phone bidding. Please be in a quiet room when on the conference line. Contact Kevin for a bidder number and the conference line passcode if using this option. Kevin is also more than happy to go over the bulls and recommend ones that best fit your needs. A bid can be placed with any of the sales reps. Our dealings are all handled in a 100% honest manner.

MOTEL RESERVATIONS

Some motels conveniently located near I-94 are:

Comfort Inn, Bismarck (pool, breakfast, airport shuttle)..... 701-223-1911
Baymont Inn, Mandan (pool, airport shuttle)..... 701-663-7401

Comfort Inn, Dickinson (pool, breakfast, airport shuttle) ... 701-264-7300
El Rancho Motel, Carson 701-622-3495

AUCTIONEER:

Marlin Kapp 701-475-2427

SALES REPRESENTATIVES:

John Grande, American Simmental Assn 406-572-3335
Jared Wareham, Allied Genetic Resources..... 660-492-2777
Alex Acheson, Farm and Ranch Guide 785-366-1185
Scott Ressler, ND Stockmen Association..... 701-391-7310
Kris Petersen, Cattle Business Weekly 701-339-0305
Lyle Steinmetz, Conference-Call Line 701-622-3286

LIABILITIES

We are not responsible for any accidents, or damaged or stolen items, the day of our sale.

SEMEN RIGHTS

We are selling full possession, full salvage, plus 2/3 semen revenue. This means any semen sold on any of the bulls, TNT Simmentals will receive 1/3 the selling price per unit. We also reserve the right to collect up to 100 units of semen on any of the bulls, for our own use. This semen will be collected at our expense and the buyer's convenience. Please contact us if you have any questions.

SCROTAL CIRCUMFERENCE

Each bull was measured to the nearest .5 centimeter and adjusted to 365 days using a daily adjustment of .033 centimeters. Only bulls with a minimum of 30cm were selected. The ratings for 12 14 month bulls are 30cm and less = poor; 30 35cm = good; and 35cm and over = very good.

HOMOZYGOUS BLACK

Will only sire black calves when used on black or nondiluter red cows. You will get mostly gray calves when used on yellow cows or red cows that have the dilution gene.

HETEROZYGOUS BLACK

Will sire both black and red calves when used on nondiluter red cows. When used on yellow or red cows that have the dilution gene you will get roughly half red and the rest will be gray, with some blacks.

HOMOZYGOUS POLLED

All calves will be polled and requires both parents to be polled and both to pass on the polled gene to their offspring. The majority of our bulls are polled for several generations. Every bull in the sale is sired by a Homozygous Polled bull and a polled cow.

HETEROZYGOUS POLLED

Approximately half the calves will be polled out of horned cows. All single polled animals will be heterozygous.

POLLED/SCURRED

A polled/scurred animal is genetically polled.

Broadcasting Real-Time Auctions

Watch and Bid Online at DVAuction.com

Can't make the sale?

We are pleased to bring you real-time Internet bidding and a live broadcast of this sale through DVAuction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Creat New Account" tab
- Enter a user name, password and your contact information.
- Complete the Banking Information. (If you are only interested in viewing you can skip this section)
- Select your Time Zone, Accept the Terms and Conditions and click "Create Account"
- Complete the process by answering a few questions, selecting your subscription choices
- Click on "Apply for Bidding" in the upper left corner of your screen to select the sales you wish to bid on
- Be sure to include a personal contact at your bank, we will contact them in order to get a credit reference.
- If you would prefer to be approved using your credit card, call (402) 316-5460.
- Please be sure to apply for bidding at least a day in advance of the sale-every effort will be made to process your application in a timely manner.

DVAuction will contact you once you have been approved to bid. We do not provide buyer numbers until you have purchased a lot in the sale, and that number is only usable for that auction. After the sale contact the sale owner or manager to make arrangements for payment and delivery of your online purchases.

Please Note: High speed Internet access (DSL, T-1, or Broadband) is required to be able to bid successfully during the sale. If you have any questions, please contact DVAuction at (402) 316-5460 or email support@dvauction.com.

Proxy Bidding: If you can't access a computer during the sale, you can now place a "proxy bid" through DVAuction. Simply follow the instructions listed above, and as the sale date nears there will be a "Proxy Bidding" link under the sale listing on the main page of DVAuction. You can then place the maximum amount that you'd like to bid, and our system will represent your bid just as if you were there.

CW	YG	MB	BF	REA	DOC	API	TI
41	-0.41	0.12	-0.070	1.13	11.8	126.9	76.8

Here is a real herd bull prospect, sired by the highly proven TNT Tanker, who is a current 6-way trait leader and is more popular every year. He first saw heavy use due to his outstanding sons, and now his easy keeping, quiet mannered, extremely productive daughters are keeping him a high demand sire. His dam is an outstanding Ollie daughter of our great R77 cow. We feel this is a bullet proof mating tying it all together, a bull we will be AIing to this spring.

LOT 2 C242 - Homozygous Polled - Heterozygous Black - Purebred Simmental

BORN	B.WT.	205 ADJ.	205 INDEX	A.D.G.	W.D.A.	365 ADJ.	WT. 1-7	SCROTAL

34.8	-0.13	0.12	-0.011	0.64	11	118.8	66.9

Here is a long bodied, high performance, solid black son of TNT Bootlegger, our high seller in 2013, whose semen is only available in Canada where his sons were sale highlights last year. His dam is an ET daughter out of the very popular TNT Dual Focus, and her dam is the dam to TNT Dynamite Black and TNT Knock Out. She has a WW ratio of 104 on her calves with a standout in last year's sale. This is a powerful mating with excellent maternal.

33.7	-0.19	0.11	-0.042	0.56	8.8	117.4	69.5

This is an out-cross black purebred bull sired by TNT Bootlegger, a standout red sire. His dam is a very productive daughter of TNT Gunner, well known for his outstanding, long lasting daughters. She has a WW ratio of 109 on four calves with a calving interval of 365 days. One of her daughters is the dam to Lot 94 and one to Lot 40, both are top producing, young cows. He is a powerful performance bull with exceptional maternal qualities.

LOT 4 C255 - Polled - Homozygous Black - Purebred Simmental

33.3	-0.35	0.05	-0.050	0.99	11.4	119.5	66.5

This is a thick, heavy muscled, high performance bull who was our co-high gainer. He is sired by Signature, whose first calf crop has met high expectations. His dam is a daughter of TNT Tanker, who is a 6-way trait leader, ranking in the top 2% for WW, YW, ADG, MCE, MWW, CW and REA, and her dam has a WW ratio of 106 and ranks in the top 4% for milk and MCE. This is a mating stacked with performance and high maternal traits.

Here is a very attractive, long bodied out-cross black purebred, sired by our 2013 high seller. His dam is a very productive daughter of Double Vision; a high maternal sire whose daughters are exceptional. She has a WW ratio of 107 with two outstanding daughters in our herd. Her dam has a WW ratio of 108. This is a well-rounded mating with exceptional maternal strengths.

This is a stout, very attractive son of our new herd sire Signature, whose first calf crop is very uniform with excellent performance and a mild disposition. His dam is a full sister to the dam of Bullet Proof, who has been an excellent, sire, whose daughters are exceptional. Her dam is a solid black, productive Gunner daughter; the kind that last forever. This is a well-rounded mating.

Here is a long bodied, very attractive, well made son of our new out-cross black purebred, JF Signature, a sire we own with Genex. Reports on his first calf crop have been outstanding, with no calving concerns and excellent growth, with exceptional phenotype and soundness. His dam is a daughter of the performance, high docility sire Knock Out. She has a weaning weight ratio of 104 on five calves, and comes from an exceptional cow family, back to our F592 cow, the dam to TNT Cruiser and granddam to our R77 donor. This is a very nice mating with lots to offer.

Here is a thick, deep bodied bull with an A+ disposition. His 8-year-old sire is still very sound and breeding cows. He ranks in the top 1% for YW, ADG, MCE, and REA and top 2% for WW, MWW and CW. His dam is a very productive daughter of In Focus. This is her fourth bull to make the sale. She has a WW ratio of 104 on five calves and her Brand Name daughter has a WW ratio of 108 on three calves. This is a high performance, high maternal bull with EPD's in the top 10% for higher for WW, YW, MCE, milk, MWW and CW.

Here is a very attractive, well made bull that started small and took off. His sire was our high seller in 2012, sired by S A V Brand Name, a powerful Bismarck son that was the high seller at S A V in 2010. He is a trait leader for WW, YW, ADG and REA. His dam is an outstanding solid black Gunner daughter with a milk EPD in the top 1% and a weaning weight ratio of 105 on 7 calves. His dam is an ET daughter of the great TNT Tanker, a current 6-way trait leader out of our great L9 donor. This is an excellent mating loaded with performance and superior maternal.

Here is a bull that came small, ratioing 120 for BW but weaned heavy and hasn't slowed up. His sire was selected as an AI heifer bull for his out-cross pedigree, proven cow family, A+ disposition, growth and calving ease. His dam is an ideal first calf heifer from a low BW cow family and her dam has a BW ratio of 112 on 5 calves and her granddam has a 117 BW ratio on her calves. This is a bull we feel would be an excellent heifer bull, with excellent maternal and has growth EPDs in the top 1%. He is both homozygous black and polled.

The 90 Proof calves have that A+ temperament, explosive growth and we feel certain his daughters will be exceptional. We think he is a red version of Tanker. Their Dam, W70, ratioed 112 for WW as a calf, which was our 3rd high, and she is a proven producer with a WW ratio of 108 and YW of 109 on her calves. Her son, TNT Bootlegger, was our high seller in 2013. His progeny have been highly sought after, selling at or near the top where ever they have been offered. Lot 63 got set back from an abscess below his eye around weaning time, but Lot 64 was our 2nd high for YW, 3rd high for WDA and Lot 62 was our 7th high for WDA and 15th for YW.

Here is a thick deep bodied, thigh performance son of the very popular Rushmore, known for his mellow personality, calving ease, excellent daughter and superior performance. His dam is an ideally made 1st calf heifer, out of our exceptional herd sire DCR Moon Shine, whose daughters are proving to be excellent producers. Her dam is an ET daughter of M68, the dam to Top Gun. This is a first class mating tying it all together.

This bull is a deep bodied, soggy made son of TNT Bootlegger. We had a outstanding full brother in last year's sale. His dam is a very productive daughter of the popular Tuition, who is one of the highest progeny reported sires again at the ASA this year. She is an ET daughter of our great GM2 donor, the dam to TNT Dynamite Black and TNT Knock Out. She has a weaning weight ratio of 104. This is an excellent red out cross bull!

This is a powerful, high performance bull that was our 5th high for WW and continued on with excellent gain. We cannot say enough good about his sire, 90 Proof, who is a Moon Shine out of Tanker's dam. His dam is an ET daughter of Top Gun. She has a WW ratio of 108 on her calves and her first calf, a Moon Shine daughter, weaned a 705 pound heifer that ratioed 108 and her dam, P33, has a 111 WW ratio. This is a high power bull, backed by an outstanding cow family. He was a retest on his polled test, we should have results by sale day.

DAM: TNT A66 - HXC CONQUEST 4405P - TNT Y64 - TNTS BIG LEAGUE R242 - TNT M152 - LAZY S RED HAWK 189K

Here is a thick, deep bodied son of the very popular Brown Redemption, who ranks in the top 5% for CE, BW, ADG, DOC and marbling. His dam is a beautiful Conquest first calf heifer, an extreme CE and BW sire ranking in the top 1% for both with ADG, milk, MWW, DOC and marbling in the top 20%. This is a very nice, all around mating with heifer bull potential.

DAM: TNT A84 - TNTS BIG LEAGUE R242 - TNT W45 - TNT S81 - TNT GENUINE BLEND P215

This is one of Shanon and Gabe's bulls, a high performance bull that was our co-4th high ADG bull. His sire is an extreme CE sire who ranks in the top 1% for CE, milk and marbling, whose sons topped several sales last year. His dam is a 1st calf heifer, out of Big League, who is a CE and WW trait leader with top 1% docility and she goes back to S81, the dam to Lot 68, our #1 WW bull. This is a unique mating that has heifer bull potential along with exceptional growth, backed by an exceptional cow family.

PUREBRED RED ANGUS BULLS

LOT 106

C222 - Polled - Solid Red - Purebred Red Angus

BORN	B.WT.	205 ADJ.	205 INDEX	A.D.G.	W.D.A.	365 ADJ.	WT. 1-7	SCROTAL

CW	YG	MB	BF	REA	DOC	API	TI
20	0.13	0.35	0.050	0.11	X	X	X

This is a light birthweight, extra long bodied bull. His sire was the lead off bull in the Rust Mountain bull sale. His dam is a moderate, easy keeping daughter of the highly proven calving ease sire Mushrush Impressive. She has a BW ratio of 111 on her calves and her dam has a BW ratio of 112 on her calves, and her sire by Big League is a CE trait leader and a top 1% docility sire. This is a bull we feel comfortable to recommend for heifers.

LOT 107

C225 - Polled - Solid Red - Purebred Red Angus

BORN	B.WT.	205 ADJ.	205 INDEX	A.D.G.	W.D.A.	365 ADJ.	WT. 1-7	SCROTAL

30	0.14	0.24	0.050	0.17	X	X	X

Here is a thick, long bodied bull that was one of our top gainers. His sire Rust Recoil was the high selling Red Angus at their sale. He's is a very stout, thick deep bodied sire whose first calf crop looks excellent. His dam is a perfect uddered, easy keeping cow with an A+ disposition, backed by an excellent cow family.

THANK YOU ALL SO MUCH!

Wow, when we look back over the past 31 years, this has been an amazing life! Thank you so much for what you have done for us. We have customers who supported us in beginning and are still buying from us today and we have made many wonderful friends in this business. We thank all of you over the years, for making the TNT Ranch what it is. We could never have done this without the support of our very dedicated customers. Our bull sale has gone way above what we ever dreamed.

There are also so many people to thank that help us put the sale together. We truly appreciate all the help from friends, family and neighbors. Special thanks to the clerking and office crew, the crew out back for cleaning and bringing in the bulls, and the kitchen crew. They all do a great job!

Thank YOU so much for attending our sale. Our customers are very important to us and we like hearing how our cattle work out for you. You are always welcome to come and visit us at the ranch and view our cattle any time. Thanks again!

Sincerely, Kevin, Lynette and Family

The Schultz family would like to extend our sincerest 'Thank You' to all of the family, friends, and loyal customers that have stood by us during this difficult time. Your emotional, spiritual, and financial support is appreciated more than words could ever express. Though it has been a trying time in our lives, we know that our faith and your friendship are what keeps us going. Please know that although we may never be able to repay everyone for the incredible generosity displayed, we will forever "pay it forward" and do all that we can to help others. Thank you and God Bless!

Brekka, Garrett, Adley and Mayzee
